After spending a couple days at Norbulingka, the Dalai Lama scheduled what day he'd see the dance troupe.

March 10th!

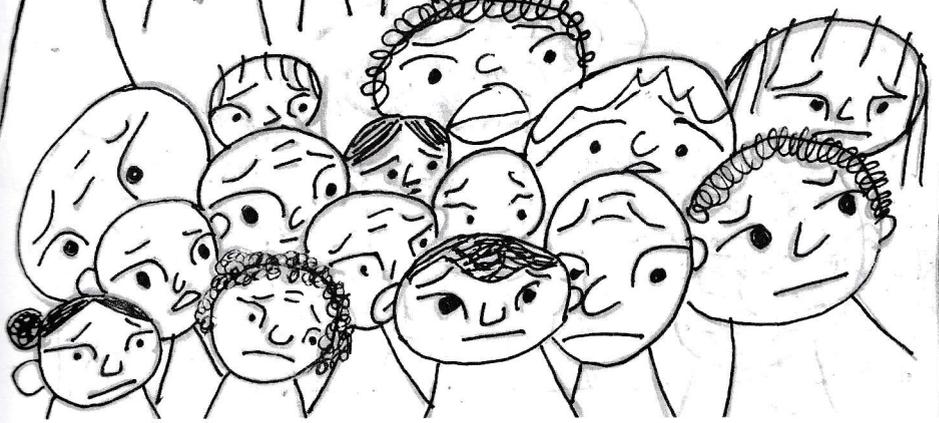

On March 9th

Tibetan Officials were informed of this.

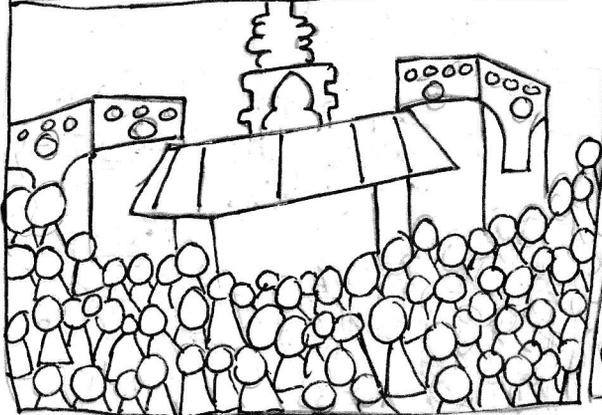

Anxious officials spread this to the Public. Now everyone knew the date...

I am making the statement that Tibet is independent & not part of China.

And we'd like to say that Tibet is part of China.

They are not a free ~~stem~~

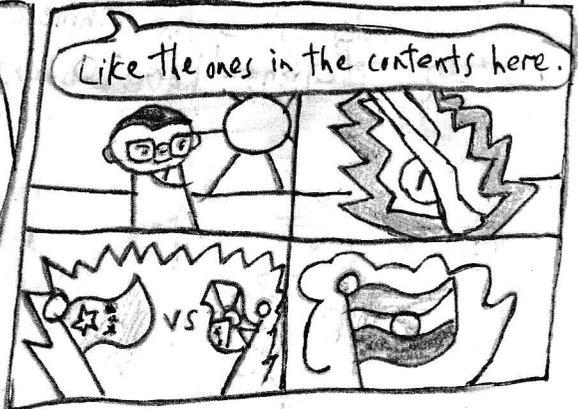

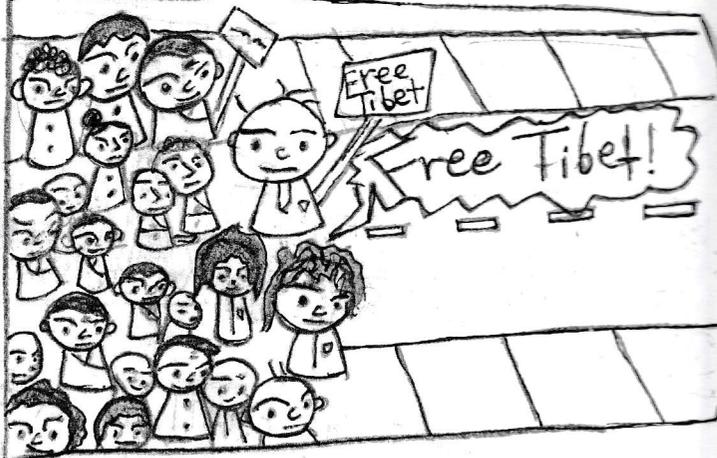

The end.

hello,
Your
Holiness,
Welcome
to
Sikkim!

March 10

2025

San Francisco,
city Hall.

The story I just told you is very true!

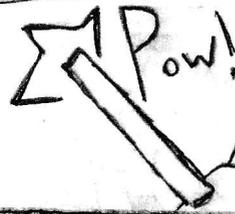

All the characters were real except for.....

AKU

TAKE

But most importantly & unfortunately, all the tragedy was also real!...

After reaching India, H.H. formed a government in exile.

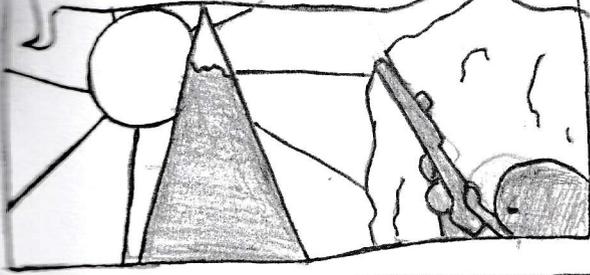

In 1960, Tibetans formed a Parliament in exile.

Ever since the Chinese occupation, many Tibetans have been fleeing Tibet.

Until current times, where surveillance has become too powerful!

Even so, Tibetans have found ways to protest, even in Tibet.

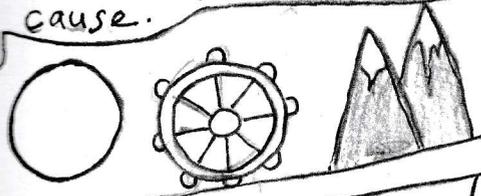

And, of course we protest in the outside world.

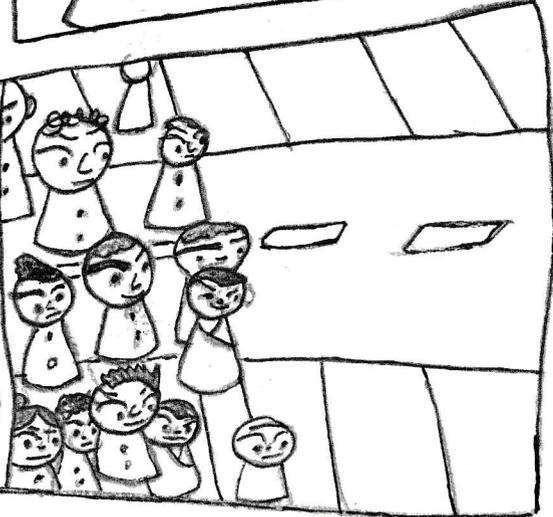

Like the one I'm at now.

By showing up at protests, you are helping the tibetan cause.

So come join us at the protests, even if you're not tibetan.
Protests X 2+

Thank you for listening to my story. Bye, for now.
